

Troop 356's Trip to Caloosahatchee Park
January 14-15, 2012

On January 14-15, 2012, we went to Caloosahatchee in northern Florida. The biking there was terrific, and the best part was that it wasn't as muddy as last time. It was full of hills, BMX courses, and wide, flat plains. The only bad part was that it was SOOOOOOO cold. When we woke up on Sunday morning everything was covered in frost. Overall, it was a fun trip.
